

Note on taxi services at Lisbon airport

When arriving at Lisbon' airport, taxi can be a good choice of transport. It's easy and not too expensive. But please take into account that LNEC is very close to the airport and so are both IRG47 recommended hotels.

To avoid problems with taxi drivers don't use the obvious ones which are waiting outside the Arrivals Hall. Use the ones outside the Terminal 1 Departure Hall.

It's easy to go from one hall to the other. When you pass customs and enter the Arrivals Hall, turn right and go up the rolling stairs to Departures. Taxis will be outside.
